

CPC32620 Certificate III in Roof Plumbing

Apprentice Progression Schedule

APPRENTICE NAME:		COMMENCEMENT DATE:	
UNITS:	20 core 3 electives	NOMINAL COMPLETION DATE:	

YEAR 1

CPCWHS2001 Theory Practical
Apply WHS requirements, policies and procedures in the construction industry (Cluster)
Notes: _____
Workshop Booking Date: _____

CPCPCM2043 Theory Practical
Carry out WHS requirements (Cluster)
Notes: _____
Workshop Booking Date: _____

CPCPCM2055 Theory Practical
Work safely on roofs
Notes: _____
Workshop Booking Date: _____

CPCCCM3001 Theory Practical
Operate elevated work platforms up to 11 meters
Notes: _____
Workshop Booking Date: _____

CPCCCM2012 Theory Practical
Work safely at heights
Notes: _____
Workshop Booking Date: _____

CPCCCM2007 Theory Practical
Use explosive power tools
Notes: _____
Workshop Booking Date: _____

CPCCCM2008 Theory Practical
Erect and dismantle restricted height scaffolding
Notes: _____
Workshop Booking Date: _____

MEM13015 Theory Practical
Work safely and effectively in manufacturing and engineering
Notes: _____
Workshop Booking Date: _____

CPCPCM2041 Theory Practical
Work effectively in the plumbing services sector
Notes: _____
Workshop Booking Date: _____

HLTAID011 Theory Practical
Provide first aid
Notes: _____
Workshop Booking Date: _____

YEAR 2

CPCPRF4011 Theory Practical
Design and size roof drainage systems
Notes: _____
Workshop Booking Date: _____

CPCPRF3022 Theory Practical
Fabricate and install roof drainage systems
Notes: _____
Workshop Booking Date: _____

CPCPRF2023 Theory Practical
Collect and store roof water
Notes: _____
Workshop Booking Date: _____

CPCPCM2047 Theory Practical
Carry out levelling
Notes: _____
Workshop Booking Date: _____

CPCPRF3025 Theory Practical
Install roof coverings to curved roof structures
Notes: _____
Workshop Booking Date: _____

CPCPCM3024 Theory Practical
Prepare simple drawings
Notes: _____
Workshop Booking Date: _____

CPCPCM2048 Theory Practical
Cut and join sheet metal
Notes: _____
Workshop Booking Date: _____

YEAR 3

CPCPRF3026 Theory Practical
Install roof sheets, wall cladding and complex flashings
Notes: _____
Workshop Booking Date: _____

CPCPRF3024 Theory Practical
Install roof components
Notes: _____
Workshop Booking Date: _____

CPCPRF2022 Theory Practical
Select and install roof sheeting and wall cladding
Notes: _____
Workshop Booking Date: _____

CPCPCM3021 Theory Practical
Flash penetrations through roofs and walls
Notes: _____
Workshop Booking Date: _____

CPCPCM2040 Theory Practical
Read plans, calculate quantities and mark out materials
Notes: _____
Workshop Booking Date: _____

CPCPRF3023 Theory Practical
Fabricate and install external flashings
Notes: _____
Workshop Booking Date: _____
